What We Do

Hana is one of world's leading providers of safe, reliable, high-quality scaffolding products, shipping to clients worldwide from our manufacturing floor.

At Hana, we view every customer as unique and know the importance of providing the high level of service you deserve. That's why we listen to every client's specific needs and address any and all custom requirements.

As a result, our clients trust us to deliver to their specifications while taking care of all

the details required to make their purchase a complete one.

We pride ourselves on providing dedicated support any time it is needed so that you can maintain your own level of customer support day-in and day-out.

Passionate About Quality

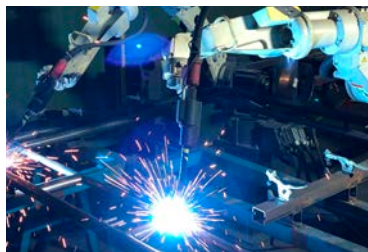

At Hana, we're passionate about continually advancing the quality and safety of our scaffolding. Our products are known for being of premium quality, meeting or exceeding OSHA, ANSI, and CSA specifications. Our quality control program, combined with our knowledgeable staff and our rigorous testing ensures that our customers get the safe and long-lasting scaffolding products they can rely on for years to come.

QUALITY SCAFFOLDING SUPPLY

We manufacture and provide a wide range of quality scaffolding supplies to our industry partners and contractors.

MANUFACTURING & DESIGN

Need something unique for your company or project? Our in-house design team will be happy to bring your ideas to life.

INTERNATIONALLY TESTED & APPROVED

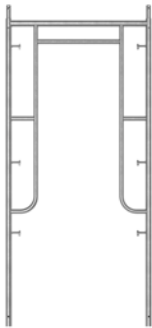

All of our products are tested and approved by institutions and third-party labs in North America and Europe.

FRAME SCAFFOLD

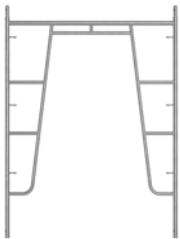

We manufacture all prevalent types and styles of frame scaffoldings. Quality is strictly secured based on ISO9001 systems and OEM requirements.

All scaffold frames are manufactured of high strength tubes, supplied by premium steel mills to meet or exceed ANSI, OSHA and CSA standards.
